

## Brainstorming & Idea Prioritization Template

|                      |                                                       |
|----------------------|-------------------------------------------------------|
| <b>Date</b>          | 29 September 2026                                     |
| <b>Team ID</b>       | SWTID-2026-9986                                       |
| <b>Project Name</b>  | Student Enrollment & Course Management System (SECMS) |
| <b>Maximum Marks</b> | 3 Marks                                               |

### Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

| S.No | Team Member     | Idea / Suggestion                               | Category                       | Group No. |
|------|-----------------|-------------------------------------------------|--------------------------------|-----------|
| 1    | Ayesha A Daneen | Salesforce-based enrollment system              | Fully Automated Cloud Solution | Group 1   |
| 2    | Rida Fathima A  | Spreadsheet automation                          | Manual/Semi-automated Solution | Group 2   |
| 3    | Ariba noorani   | Standalone enrollment portal                    | Semi-automated Solution        | Group 3   |
| 4    | Mubarak         | ERP integration                                 | Fully Automated Cloud Solution | Group 4   |
| 5    | Ayesha A Daneen | Automated instructor assignment                 | Fully Automated Cloud Solution | Group 1   |
| 6    | Rida Fathima A  | Enrollment approval and notification automation | Fully Automated Cloud Solution | Group 1   |

### Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with.

| Group No. | Final Idea                                                                                      | Feasibility (High/Medium/Low) | Importance (High/Medium/Low) | Priority | Selected (Yes/No) |
|-----------|-------------------------------------------------------------------------------------------------|-------------------------------|------------------------------|----------|-------------------|
| 1         | Salesforce-based SECMS with automated instructor assignment and approval/ notification workflow | High                          | High                         | 1        | Yes               |
| 2         | Spreadsheet automation                                                                          | High                          | Medium                       | 2        | No                |
| 3         | Standalone enrollment portal                                                                    | Medium                        | High                         | 3        | No                |
