Product Backlog

A prioritized list of features and functionalities for the SECMS application, aimed at streamlining student enrollment and course management for educational institutes.

Sprint Schedule

We will use 2-week sprints to deliver the features in phases. Each sprint will include planning, development, testing and review.

Sprint Schedule Details:

- **Sprint Duration:** 2 weeks each
- **Total Sprints:** 5
- **Methodology:** Agile (Scrum)
- **Tools:** Salesforce (Flows, Approval Processes, Validation Rules, Reports, Dashboards)

Examination Details

The project will be evaluated based on the final working prototype, code quality, documentation, presentation and demonstration. Each phase/sprint will also be reviewed for progress.

Project Plan Summary

- Build a Salesforce application to manage student enrollment, course registrations, payments and academic progress.
- Integrate key Salesforce tools (Flows, Approval Processes, Validation Rules, Reports, Dashboards).
- Use Agile methodology with 5 sprints, each lasting 2 weeks.
- Deploy the application and test all features for smooth performance.
